<u>From Citrus Canker Free Areas of Argentina (States of Catamarca, Jujuy, Salta, and Turuman)</u>			
<u>LTD 1/</u>	Grapefruit <sup>8</sup> , T107-c	Lemon (fruit) <sup>8</sup> (smooth skinned, of commerce)	Orange (fruit) <sup>8</sup> , T107-c

1/ Limited to ports in States or Dependencies neither producing citrus nor bordering citrus producing areas (**Other than** Alabama, Arizona, Arkansas, California, Colorado, Commonwealth of the Northern Marianna Islands, Florida, Georgia, Guam, Hawaii, Louisiana, Mississippi, Nevada New Mexico, Oklahoma, Oregon, Puerto Rico, Texas, US Virgin Islands, or Utah)

<sup>1</sup>Shipments may or may not be precleared. If they are precleared, the shipment must be accompanied by a PPQ Form 203 signed by the APHIS inspector on site in Argentina to validate foreign site preclearance. If the shipment was **not** precleared, REQUIRE T107-c.

<sup>5</sup>Break bulk only. Grapes maybe off-loaded following cold treatment and fumigation in Puerto Rico

<sup>6</sup>Fruits receiving cold treatment may enter these additional ports: Gulfport, MS; Seattle, WA; and Wilmington, NC.

<sup>7</sup>If the prescribed refrigeration period is met upon arrival, the treated commodity may enter at any port of entry in the U.S. staffed by PPQ. However, if the prescribed period is **unmet** upon arrival, then the commodity may enter only at North Atlantic Ports; Atlanta Airport, GA; Gulfport, MS; Seattle, WA; or Wilmington, N.C.

<sup>8</sup>The citrus must be packed in boxes marked with the Senasa grove registration number and the appropriate limited distribution statement, "Fruit may not be distributed in Hawaii, Guam, CNMI, PR, or USVI or in the States indicated in the phase in period," For 2000-2001 the fruit may not be distributed in Alabama, Arizona, Arkansas, California, Colorado, Florida, Georgia, Hawaii, Louisiana, Mississippi, Nevada New Mexico, Oklahoma, Oregon, Texas, nor Utah. Moreover, all shipments must be accompanied with a photosanitary certificate with the additional declaration: "The fruit was produced and handled in accordance with the requirements of 319.56-2f and that the fruit is apparently from citrus black spot and sweet orange scab." Untreated citrus may **not** be cold treated in Atlanta Airport, GA nor Gulfport MS
